Parental Statement of Commitment

Please check your agreement ✓

The Church reminds parents that they are the *primary educators* of their children, especially in the Faith. The parish Religious Education program (PREP) does not take the place of parents, but rather assists them in their efforts to share and develop the Faith with their children. □

At Baptism the parents made a solemn commitment to raise their children "in the practise of the Faith". The Catechetical instruction is only a small part of that commitment. Parent's Personal commitment to Jesus Christ and following his guidance in daily life by being faithful to His Word and Sacraments are absolutely necessary for transmitting Faith to children. □

This year the main learning environment of PREP will be the home. In order to help the parents in teaching their children, there will be parent sessions once a month. In these sessions, parents will meet other parents to discuss the topics that the children are supposed to be taught during the month. □

I understand these expectations and will do my part in cooperation with the Parish Religious Education Programme at St. Joseph's Parish. □
